

Dear Friends of and Members in the Sangha,

Please watch Ven. Lama Pema's take on the Tibetan issues that is happening around the world and in Tibet. Your interest in this matter is in direct support of Tibet and its culture that belongs to the world and that we all share. Go (please bear with the annoying ad prefixed to the news clip) to <http://www.foxbusiness.com/video/index.html/>, where it says "Search for Videos" type in Lama Pema Wangdak or "Tibetan Torch Turbulence" and pass it to others in your circle of friends and family.
